

# SUMIT GURUNG

## JUNIOR DEVELOPER

### PROFILE

Currently undertaking a 12 week-long intensive software development bootcamp where I am developing strong capabilities on JavaScript and React. I am now looking to apply and consolidate this new skill set with a first role in development.

### EXPERIENCE

**May - Aug 2020**

**Junior Software Developer | \_Nology (Remote)**

Currently undertaking 12 weeks (remote) of a self-funded intensive software development program which is primarily centered on JavaScript (functional and Object-Oriented Programming), HTML, SCSS and React. Working as a group of 10 on a real-world client project using agile workflow to deliver a web application which provides HR services. Client project is based on working in week-long sprints and pair programming tickets.

**Mar 2019 - Mar 2020**

**Operations | SHY Films :Gurkha: Beneath the Bravery**

Successfully planned and managed the funding phase, where the target amount of £25,000 was achieved. Liaised with businesses and charities in running various events. During the filming phase, build a spreadsheet which was used to track the stock level and ensure the appropriate level is maintained. Responsible for managing both casts and crews schedules to ensure deadlines were met.

**Dec 2018 - Mar 2020**

**Security Officer | Bouygues E&S, London**

Responsible for the reception duties and carrying out routine patrol along with monitoring security cameras. Writing daily activity reports. Security checks and crowd control.

**July 2008 - Dec 2018**

**Security Officer (part-time) | VSG, Dartford**

Maintaining the high integrity of the site security by providing high-security on-site presence, completing routine patrols and the security checking both inbound and outbound of depot vehicles, and provide and display high levels of customer care.

### HOBBIES & INTERESTS

Sport: I believe in 'health is wealth'. I enjoy a variety of sports especially basketball. I play for the local basketball team in various amateur basketball tournaments.

Traveling: I love to travel to new places as I believe it widens our perspective and makes us appreciate life.
