PROFILE

Full-stack Web Developer adept at building responsive web applications. Mainly experienced in JavaScript (ES6+) and ReactJS, however motivated to progress and learn new skills in my next role.

A team player, always open to new opportunities and thinking outside the box.

A confident public speaker.

As a French bilingual, I spend my spare time tutoring French. I also practice badminton and enjoy travelling around the globe, learning about new cultures, and trying new foods.

SKILLS

Software Development: HTML, CSS, JavaScript, TypeScript, Git, Bash, NPM/Yarn, REST APIs, Postman, Authentication & Authorization, Unit testing, (Jest & Enzyme), OOP

Front-end Libraries & Frameworks: SASS, React, Bootstrap, jQuery

Back-end development: Firebase (Authorization, Storage, Database, Hosting), Node.js & Express

Core skills: Agile Management, SCRUM, Kanban, Project Management, Pair Programming & Collaborations, Remote Work, Public Speaking, use of Trello and Figma

EXPERIENCE

JUNIOR WEB DEVELOPER (May 2020 > Aug 2020) *_nology, remote*

- Includes developing and delivering the commercial project of *Ewe4You*, a mental wellness app tracker and exercise platform.

A 12-week intensive Full-Stack Software Development course which included working on a client project for 5 weeks. Designated Project Manager for a sprint: responsible for maintaining communication with the PO, managing expectations, conducting daily scrums and retrospectives. Produced a portfolio containing personal projects to demonstrate understanding of concepts learned throughout the course.

Dedicated week of soft skill training to prepare working in an Agile Dev team, and how to optimize work ethic while operating in a remote environment.

COMMUNITY ASSOCIATE (Aug 2019 > Feb 2020) *IWG plc, London*

IWG plc is a multinational provider of serviced and virtual offices. Responsible for managing and handling current and prospective client relations. Processing transactions and staff training. Developing excellent communicating and organizational skills to ensure a smooth operating center. Networking with local start-ups by organizing and attending monthly events.

STUDENT SUPPORT ADVISOR (Aug 2018 > Aug 2020) *University of Exeter, Exeter*

A 1-year internship working for the University's central hub for student enquiries. Providing information about University services while maintaining impeccable customer service. Responsible for generating confidential University documentation.

EDUCATION

UNIVERSITY OF EXETER (2016 > 2019)

Bachelor of Science in Psychology.

LYCEE FRANCAIS CHARLES DE GAULLE (2013 > 2016)

French Economics Baccalaureate with specialization in Mathematics.
